From then, the committee continued to incorporate ideas from professionally qualified members of the church with their inputs.

For a standard school with vision such as ours, there is need for seasoned competent committee that would help in naturalizing the vision for the school. The body therefore came up with the following suggestions:

- The following subjects are to be taught in the Nursery Section: English Language, Spoken English, Identification and Reading of Letters, Spelling, Health Education, Science, Moral Instruction etc
- The Primary Section will be guided by the National Policy on Education which shall be followed to the letter.
